Front-End Developer

Summary

I am a Front-End Web Developer, with project-based experience building JavaScript web applications. I am currently looking for the right opportunity to work and grow my Front-end skills.

Work Experience

Web Development Experience

- Built a TV-Show Next.js web application, making API calls to TMDB's Rest-API and using firebase (Baas) for authentication and database.
- Developed a URL shortener React.js website using APIs of both Bit.ly and Rebrandly.
- Cloned and successfully implemented Zillow's homepage using React.js and Tailwind CSS
- Developed a matching game using vanilla JavaScript

Skills

JavaScript, React.js, Next.js, HTML, CSS, Tailwind CSS, Material UI, Figma, Git / GitHub, Firebase

Excellent written and verbal communication with designers, users, management and other developers

Education & Certifications

B.Sc. in Computer Science with concentration in Computer Information Systems

Babcock University, 2020

Interests

- Sports ~ Football (Soccer), Formula 1 (F1), Tennis
- Video games ~ FIFA, GTA
